

Light & Life

<http://www.lightlife.org.uk>

Light and Life is an international organisation, founded in Glasgow in 2007, that desires to be 'spiritual' by demonstrating the Jesus of the Bible through love, signs, wonders and miracles.

When Jesus walked the earth he healed the sick, set the oppressed free and filled the spiritually hungry. His death and resurrection made it possible for each of us, regardless of our life history or background, to enjoy an intimate relationship with God. Jesus still heals (body, soul and spirit) today.

The team that runs Spiritual Fairs at Newtongrange is made up of trained volunteers led by myself, Affie, and my husband Richard. We also run regular fairs at the Lighthouse Hub in Prestonpans. All of our events reach out to those who are interested in spirituality and we aim to provide a non-threatening environment with individual appointments for people to receive direction, comfort, encouragement, healing and peace. Our aim is to demonstrate God's love by combining creative gifts (e.g. art, music and massage) with prophecy and healing, allowing people to have life changing experiential encounters.
